India's Finest in FinTech Conferred SKOCH Award

INDIA'S HONEST INDEPENDENT HONOUR

SKOCH FinTech Award NOMINATIONS OPEN FOR 2023

Financial deepening, encompassing credit and market penetration is crucial from a financial sector perspective. This involves addressing key economic needs such as providing livelihood-linked credit, insurance, banking services and ensuring lower-risk market penetration to protect against inflation.

SKOCH Group is uniquely positioned to apply both academic as well as practical rigour in evaluating financial sector products and services. This expertise stems from decades of field inputs, research and impactful policy interventions.

Nominations are invited for SKOCH FinTech Award for exceptional/innovative products, achievements and corporate contributions to Digital Financial Deepening. Evaluations would be by a Jury to identify products, services and organisations to take note of, learn from and replicate.

EARLY BIRD: 14th July 2023 | LAST DATE: 14th August 2023

9 Year Report Card

SKOCH Summit | 30th September 2023, New Delhi

STATE OF FINANCIAL INCLUSION

The top performer over the last 9-years under PM Modi is the area of Financial Inclusion. India today is universally banked. Credit outreach gap has reduced by a whopping 12%. Pradhan Mantri Mudra Yojana has catalysed livelihoods and empowered women. The Jan Dhan, Aadhar and Mobile Trinity have been game changers for DBT and targeted subsidy delivery. UPI has revolutionised digital payments. Initiatives like ONDC are unfolding. Digital is poised to alter every sector of the economy rather dramatically.

We are collecting field evidence, case studies and stories of what changed and how? We get together the *key dramatis personae* and their stories as we provide the evidence of Excellence in Financial Inclusion.
